E L HUNTSMAN 41st — A very good thick son of Phopachy Huntsman and one of the few that will be available from now on. His dam is the beautiful 1955 Perth Supreme Champion imported for Elmcrest by Les Mathers. She is very deep and thick. Her sire, Craigeassie Welcome, is sire of Craigeassie Pennsylvania, Penn State's champion bull at the 1958 Eastern National and Pennsylvania National. The great Calrossie Welcome's reputation has been established beyond a doubt. This Kirkton Baronet—Calrossie Welcome blend should make this an extra good breeding bull. Don't overlook him. Pretested clean and calfhood vaccinated. Can go anywhere.

Aldie Chief Adonis, a Perth first prize winner and member of the reserve champion group of three bulls at Perth, Scotland, in 1952, was purchased for use at Calrossie before he was imported. He is by the \$15,000 Calrossie Adonis, Perth junior champion, and has proved a great sire in the H. L. Wernicke & Son herd. He is sire of Lot 7 and double grandsire of Lot 13.

He has a good head, is very short-legged and heavy-boned, a red son of Melbourne Fortress and out of a dam by Ringwell Prince Charles. His dam is one of our best cows. She has at foot a full sister to this bull that looks truly great. We think he will be a bargain at whatever he brings. He was a stallmate to the Fortress calf we sold to the C. F. Ranch of Mr. and Mrs. Fred Tilden in Florida for \$1,000 when he was five months old.

KICKAPOO FEUDAL CHIEF — By Calrossie Highland Chieftain and out of an imported dam by Calrossie Ocean Wave. Study this pedigree and you will agree that seldom will you find breeding of such high caliber. Note the Calrossie bloodlines with one exception and that one being Glastullich, owned by a son of the late Capt. John MacGillivray, a name that is recognized and sought after around the world. This prestige could prove an asset to Feudal Chief's new owner. This young bull shows much promise as an individual, with very good bone, fleshing, and hair.

Venetia Rosebud, dam of Lot 20 and granddam of Lot 35, an imported foundation cow in the J. Everett Brown herd, is also the dam of Everlee Victory 2d that sold at \$2,000 in the 1952 International sale to Art Johnson & Sons, Balaton, Minn.

G K NONPAREIL 4th — This excellent young heifer is a daughter of the oldest cow in our herd. She has raised a top calf every year that we have owned her. The sire, Hallwood Keno, was an outstanding show bull as a senior calf in 1955, fourth in class at the Iowa State Fair National Show and second at Missouri. Sells open.

MF Ben Lomond, sire of Lot 47, is by the \$5,000 Cromleybank Ben Lomond, a great sire in the Metz herd at Williamsville, Ill. The first daughter of Cromleybank Ben Lomond was first prize junior yearling at the Illinois State Fair in 1955, and Lot 47, by his son, could make a good junior yearling show heifer for someone in 1959.

Standard Guarantee
OF
AMERICAN SHORTHORN BREEDERS'
ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, providing they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regarding Tuberculosis and Bang's disease of the state or county into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

All animals sold in this sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bang's Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
